Women entrepreneurs powering the digital creative industries

A UNESCO - Sabrina Ho Initiative

CALL FOR APPLICATIONS
February 26th – April 16th, 2018

1. U40 Empowered: Women Entrepreneurs Powering The Digital Creative Industries

“U40 Empowered” is a UNESCO initiative started in 2018 with the support of Sabrina Ho.

This initiative expands the actions of the International Fund for Cultural Diversity by supporting projects from national and international NGOs that promote young female cultural entrepreneurs working in the digital creative industries. It is designed to increase opportunities for women under 40 to access funding, infrastructure, equipment and co-production opportunities in the digital creative industries. “U40 Empowered” will also support strategies that address the different needs, aspirations, capacities and contributions of women. Through support for such projects, “U40 Empowered” will unlock opportunities for young women entrepreneurs and realise their full potential in the digital creative industries.

Please note that project proposals submitted to this call must comply with specific criteria, will be evaluated by an independent Panel of Experts and will be approved directly by Ms Sabrina Ho.

3. In August/September 2018, the UNESCO Secretariat shall inform the beneficiaries of the approved projects. Project implementation shall start in October 2018.

Applications for funding requests to the IFCD will be evaluated on the basis of the criteria on how the funding request:

- addresses the objectives, priorities and areas of intervention of “U40 Empowered”, the 2005 Convention and the IFCD;
- meets the needs and priorities of the country where the project will be implemented and is deemed to be feasible and relevant;
- contributes to achieving concrete, measurable, realistic and sustainable results;

In addition, the Panel of Experts will evaluate the applicants’ capacity to implement the work plan and manage the budget, ensuring that:

- overhead costs do not exceed 30% of the total budget;
- requested funds are to be spent principally on project activities;
- resources are not spread too thinly or are used to support sporadic activities.

The skills and competences of key people involved in the implementation of the proposed activities, as well as the involvement of stakeholders in the design and implementation of the project will also be evaluated.

Additional financial assistance, either in the form of self or co-funding, is highly advisable as a means to engage more partners in the process and to contribute to the smooth implementation and sustainability of the project.
