

## **INTERNATIONAL APPEAL TO BLACK PEOPLES and WORLDWIDE**

The month of January is a special month which symbolizes the struggle of Black Peoples through an International Day celebrated on the second Sunday of the month.

We CIPN (International Committee of Black Peoples) who are celebrating our 30th anniversary of the fight for Reparations this year, are proposing to Personalities, Politicians, Associations and NGO to engage from this month and concomitantly in the fight for Reparations, an active campaign to permanently remove the word "slave" from language and writings, and replace them with at least:

**"AFRICANS DEPORTED AND REDUCED TO SLAVERY"**

This approach will contribute to the enhancement of our Ancestors, to the esteem of ourselves and that of our Children and future generations.

It will finally allow us to return with pride and dignity to the Lineage of our Ancestors who would have dreamed of freedom and rehabilitation.

FRATERNALLY
