(UNESCO Headquarters, Room XI - Fontenoy Building)

Provisional Agenda

1. Opening of the session
2. Adoption of the Agenda
3. UNESCO Bioethics and Ethics of Science Programme: Progress Report
4. Exchange of information and suggestions concerning the dissemination of the Recommendation on Science and Scientific Researchers: activities within the framework of the Member States and regional and international cooperation
5. Assisted Reproductive Technologies (ART) and Parenthood: Draft Report of the IBC
8. Ethics of Artificial Intelligence: Update on the Preliminary Study of the COMEST Extended Working Group
9. Follow-Up to the Recommendations of the open-ended working group on governance, procedures and working methods of the governing bodies of UNESCO as related to the IGBC
10. Miscellaneous
11. Conclusions and closure of the session

It is suggested that interested IGBC Member States prepare a written document (in English or French) of two to three pages by 6 May at the latest explaining their suggestions, including actions to be carried out at the national, regional or international levels (please send to the Secretariat at ibc@unesco.org). These documents and a synthesis will be circulated at the end of May for the next IGBC session. During the session, a discussion will take place on the basis of the synthesis and documents with a limited time of 2 to 3 minutes for each intervention. The report of the session will highlight the main points of the discussion and invite Member States to propose actions for the dissemination of the Recommendation, both at the national level and for regional and international cooperation.
