18 September 2019

Her Excellency Zohour Alaoui,
The President of the General Conference
UNESCO
7, Place Fontenoy
75352, Paris 07

Your Excellency,

With reference to your letters GBS/SCG/18/045-C of 22 November 2018, and your previous letter of 16 July 2018, I am pleased to inform you that the 14th Ordinary Session of the Intergovernmental Council (IGC) of MOST, held on 19 and 20 March 2019, at UNESCO, had a specific agenda item on governance and procedures to follow up on your request, as well as its own earlier decision.

I can assure you that the IGC of MOST takes the recommendations of the Working Group on governance, procedures and working methods of the governing bodies of UNESCO extremely seriously. To my knowledge, the IGC was the first IIB, to revise its Statutes and Rules of Procedure (attached for information) in 2017.

Indeed, MOST was acknowledged in three respects as implementing “best practices” for the IIBs as per annex 3 to document 39 C/70: close collaboration between the Bureau and Council, participation of observers in Bureau meetings, and the fact that the comprehensive MOST Strategy is aligned with the C/4 and C/5.

The 14th Ordinary Session, and the preceding IGC Bureau meeting on 18 March, considered the desirability of further revisions of the MOST Statutes and Rules of Procedure. The background document prepared on this session (MOST/IGC/2019/10) is attached for your information.

As indicated therein, the revisions adopted in 2017 are very much aligned with the recommendations of the Open-ended Working Group on governance, procedures and working methods of the governing bodies of UNESCO, notably by the following points:

- The size of the Bureau has been reduced from eight to six members to align it with other intergovernmental bodies (one President, four Vice-Presidents and one Rapporteur) corresponding to recommendation 67.

- Member States of the IGC, which are not members of the Bureau, may attend the Bureau as observers, corresponding to recommendation 71.
- The revised Rules of Procedure set a term limit for Bureau membership: IGC members that have served two consecutive two-year terms in the Bureau are henceforth ineligible for immediate re-election, corresponding to recommendation 58.

- The MOST Strategy responds to recommendation 56 of the Open-ended Working Group as so far as emphasizes the importance of MOST to contribute to the implementation of Agenda 2030.

- At the Programme level, recommendation 84 called on MOST to enhance cooperation with the Information for All (IFAP) and Man and the Biosphere (MAB) programmes. Positive steps have been taken in this regard, by the UNESCO Science School in Cuba (28 May to 1 June 2018) in which MAB, along with IOC and IHP, was actively involved.

In its discussions at the 14th Ordinary Session, the IGC considered that the MOST Statutes and Rules of Procedures are very much aligned with the recommendations of the Open-ended Working Group on governance, procedures and working methods of the governing bodies of UNESCO.

The only specific issue which was re-examined was the possibility of holding annual Council sessions for the bodies, which do not meet annually, taking into account cost implications (as recommendation 81). The IGC decided that revision on this point would not be financially feasible. Nevertheless, on an ad hoc basis, the IGC has requested the Director-General to convene an extraordinary session of the IGC in September 2020.

I take this opportunity to inform you that in conjunction with the 40th Session of the General Conference, the IGC will hold a brief Extraordinary Session on 25 November to elect its new Bureau in line with recommendation 70 of the Open-ended Working Group.

Please accept, Your Excellency, the assurances of my highest consideration.

Dato’ Seri Dr. Wan Azizah Dr. Wan Ismail
President of the MOST IGC
Deputy Prime Minister of Malaysia cum
The Minister of Women, Family and
Community Development

27.2 When two or more amendments to a proposal are moved, the Intergovernmental Council shall first vote on the amendment deemed by the President to be furthest removed in substance from the original proposal and then on the amendment next furthest removed therefrom, and so on, until all amendments have been put to the vote. If one or more amendments are adopted, the amended proposal shall then be voted on. If no amendment is adopted the proposal shall be put to the vote in its original form.

27.3 A motion is considered an amendment to a proposal if it merely adds to, deletes from or revises part of that proposal.

Rule 28 – Secret ballot

All elections shall be conducted by secret ballot unless, in the absence of objections on the part of any one of its members, the Intergovernmental Council decides otherwise.

Rule 31 – Amendment

These Rules of Procedure, except when they reproduce provisions of the Intergovernmental Council’s Statutes or decisions of UNESCO’s General Conference, may be amended by a decision of the Intergovernmental Council taken by a two-thirds majority of the members present and voting, provided that the proposal for amendment has been placed on the agenda.

Rule 32 – Suspension

Any provision of these Rules, except when it reproduces provisions of the Statutes or decisions of UNESCO’s General Conference, may be suspended by a decision taken by a two-thirds majority of the members present and voting.
Intergovernmental Council of the Management of Social Transformations (MOST) Programme, 14th session, UNESCO HQ, 19-20 March 2019

Agenda item 10

Review of revised MOST Statutes and Rules of Procedure

This document was prepared in response to the following paragraphs in decision MOST/IGC/2017/8 adopted at the 13th Ordinary Session of the MOST Intergovernmental Council (IGC), which adopted proposals for revision of its Statutes for transmission to the General Conference through the Executive Board, on the understanding that they should be further reviewed and, if necessary, amended following the outcomes of the open-ended working group on governance. The 13th Ordinary Session also adopted revised Rules of Procedure on the understanding that they should be further reviewed and, if necessary amended following the outcomes of the open-ended working group on governance.

In resolution 39 C/Res. 58, the 39th session of UNESCO’s General Conference adopted the revised MOST Statutes, with some technical legal amendments to the text proposed by the IGC.

At the same session, the General Conference adopted 39 C/Res. 87 on the Governance, Procedures and Working Methods of the Governing Bodies of UNESCO, endorsing the recommendations of the Open-Ended Working Group on Governance as amended in document 39 C/70. The recommendations are contained in Annex 1 to document 39 C/20 and its addendum. The aforementioned resolution invites the governing bodies of the different organs examined by the open-ended working group on governance “to implement, as appropriate” the recommendations.

In this light, this document contains a review of the revised MOST Statutes and Rules of Procedures and makes suggestions as to the desirability of further revisions.
1. The Bureau of the MOST Intergovernmental Council (IGC) established in January 2016 a working-group on proposals for the revisions of the MOST Statutes and Rules of Procedure composed of Turkey, Argentina, Thailand and Egypt.

2. The original Statutes of the IGC and the MOST Scientific Advisory Committee (SAC), adopted at the 27th session of the General Conference in 1993 (27 C/Res. 5.2) and amended in 1995, were judged outdated and inconsistent with the indications emerging from the Open-Ended Working Group on Governance, Procedures and Working Methods of the Governing Bodies of UNESCO established by 38 C/Res. 101.

3. The 13th Ordinary Session of the Intergovernmental Council of the MOST Programme (16-17 March 2017) adopted proposals for the revision of its Statutes to bring them up to date, avoid technical flaws and gaps, and improve delivery of the MOST Strategy. It requested their transmission to the General Conference through the Executive Board. The same Session adopted revised IGC Rules of Procedure.

4. At its 202nd session, the Executive Board adopted the proposed revisions (202 EX/Dec. 11) and transmitted them to the General Conference with the recommendation that they be approved at its 39th session. The General Conference duly did so, after amendment (39 C/Res. 58).

5. The main changes made in the revised MOST Statutes and Rules of Procedure are as follows.

   - The size of the Bureau has been reduced from eight to six members to align it with other intergovernmental bodies (one President, four Vice-Presidents and one Rapporteur).
   - Member States of the IGC which are not members of the Bureau can attend the Bureau as observers.
   - The new text of the Statutes also sets out a clearer and more up-to-date framework for SAC, the responsibilities of which are now more dynamic. SAC is requested to advise the Bureau and the IGC on the MOST Action Plan in advance of each of the IGC meetings and sessions. The SAC also advises the IGC or the Bureau, at their request, on any matter of scientific importance on which expertise is required.
   - The revised Rules of Procedure set a term limit for Bureau membership: IGC members that have served two consecutive two-year terms in the Bureau are henceforth ineligible for immediate re-election. This revised procedure was for the first time applied to the elections at the Extraordinary Session convened on 11 November 2017, in conjunction with the UNESCO General Conference, to elect the current Bureau of the IGC.

6. The recommendations of the General Conference as concerns the Structure, composition and methods of work of UNESCO’s International and Intergovernmental Bodies (IIBs) concern MOST as follows.

   - The revisions of the MOST Statutes and Rules of Procedures were recognized to be aligned with the recommendations of the General Conference. MOST was acknowledged in two respects as implementing “best practices” for the IIBs: close collaboration between the Bureau and Council, including participation of observers in Bureau meetings, and alignment of the comprehensive MOST Strategy aligned with the C/4 and C/5.
   - The only specific recommendation addressed to MOST is to enhance cooperation with the Information for All (IFAP) and Man and the Biosphere (MAB) programmes.
   - The main discrepancy between the recommendations of the General Conference and the MOST Statutes is that the former propose term limitations for memberships and, in their absence, voluntary term limits of two consecutive mandates.
7. In light of the above, the IGC Bureau and the 14th Ordinary Session of the IGC may wish to reconsider the question of term limits, the adoption of which would require further revision of the Statutes.

To promote diversity and inclusivity, voluntary term-limits of two consecutive mandates are recommended for IIBs, which currently do not have term limitations for membership.

This was discussed at the 13th Ordinary session of the Intergovernmental Council of MOST in March 2017, which adopted proposed amendments to the MOST Statutes (later approved by the 39th session of the General Conference). The IGC did not agree to voluntary term-limits of two consecutive mandates for the MOST IGC.

Article II.2, of the MOST Statutes stipulates that the term of IGC members should be four years. However, Article II.3, stipulates that Members of the IGC shall be immediately eligible for re-election.

IIBs and their Secretariats are requested to enhance coordination in scheduling of meetings to avoid overlap. At the last sessions of the IGC Member States have decided in advance the month in which the next session will take place two years later, which allows other IIBs to not schedule meetings at the same time. Furthermore, no other major MOST meetings take place in parallel with the IGC sessions and meetings.
