一天，小猪为Rex拍了一张傻傻的照片，发布到了网上。调皮的小猴还给照片修了图，Rex显得更傻了。短短的时间里，许多小伙伴都转发了照片，大家都在嘲笑Rex，没想到网络传播的力量这么大！Rex该怎么办呢？
FOREWORD

Today, young generations are growing up in an increasingly digitized world. The Internet and the media have undoubtedly become centers of information and opportunities, but also factories for disinformation, risks, and inequalities. 90% of young people under the age of 18 in China are Internet users. For them, as well as their parents and teachers, the necessary competencies to understand and interact with the media, information, and digital technologies become vital.

UNESCO’s Media and Information Literacy (MIL) responds effectively and precisely to this need as a set of skills that enable people to search, access, use and contribute information and media content wisely.

Online learning platforms, powered by innovative measures in teaching and learning, and high quality educational resources, can be effective tools in educating the young and empowering them to think critically, behave safely, and participate responsibly in digital societies.

The generous contribution of Rex & Friends made it possible for us to jointly develop a series of educational picture books and animation videos on MIL, which have global and local relevance. They feature key elements of media and information literacy, such as online safety, cyber bullying, online privacy, do’s and don’ts on social media, digital games and addiction.

It is our hope that these resources will help children and young people, as well as their parents and teachers, in advancing their knowledge and competencies of MIL, empowering them to better capitalize on the benefits offered by the digital age, and more importantly, contributing to create a safe, equal and resilient digital environment for all.

序言

今天的年轻一代正在日益数字化的世界中成长。互联网和媒介无疑已经成为信息和机会的中心，但同时也成为了虚假信息、不平等现象和危险的制造场。中国18岁以下的青少年中有90%是网民，这对这一群体及其父母和教师来说，拥有必要的理解媒介、信息和数字技术的能力变得至关重要。

联合国教科文组织的媒介素养教育作为对这一需求的首要回应，旨在每个人掌握媒介素养，获取、使用和发布信息与内容技能。

以创新的教学形式和高质量的教育资源为推动性的在线学习平台，可以作为有效的教育工具。延伸于儿童和青少年，使其能够进行批判性的思考，安全负责任地参与数字环境。

瓜瓜龙的慷慨支持使我们能够共同开发一系列具有全球和地域相关的教育绘本和动画短片，这些资源通过媒介与信息素养中的关键要素，例如网络安全、反网络欺凌、在线隐私、社交媒体注意事项、反游戏成瘾等。

我们衷心希望这些资源能够帮助儿童和青少年，以及家长和教师能够提高媒介与信息素养的概念和应用能力，从而更好地把握数字时代为我们带来的机会。更重要的是，能够为创造一个安全、平等且具有韧性的数字环境做出贡献。
