**Country of Destination:** Zimbabwe

**Reference Number:** HAR/DIR/2022/ITB00003

**Description:** Our Rights, Our Lives, Our Future Plus (O3 PLUS) health facility refurbishment – supply and installation of solar panel

**Deadline for Submission of Tenders:** 6 August 2022 at 23:59 Harare time

**Posting Date:** 30 June 2022

You are invited to submit a bid for the supply and installation of 5KVA solar panel to 11 health facilities in Zimbabwe under the O3 Plus Project.

**DESCRIPTION OF ASSIGNMENT**

UNESCO is implementing the *Our Rights, Our Lives, Our Future Plus (O3 PLUS)*, a project that aims to ensure that young people in higher and tertiary education institutions (HTEIs) in Zimbabwe realize positive health, education, and gender equality outcomes. The project is supporting the upgrading of campus health facilities to offer a standard and trusted package of sexual and reproductive health services to students. Under the institutional strengthening for sustainability and student health and wellbeing pillar, the project will support among other things the upgrading of campus health facilities to offer a standard and trusted package of sexual and reproductive health services to students. **Solar installation** to support the clinics have been identified as one critical area to support the functionality of the health facilities.

**SCOPE OF WORKS**

UNESCO invites suitably qualified prospective contractors to submit bid for the supply and installation of 5KVA solar panel in 11 health facilities under the O3 Plus Project, including orientation of key personnel on running and maintenance of the system and 6 months support services. The solar system should be able to power the following: upright and deep freezer, maximum of 2hp borehole pump, all clinic lights (interior and exterior), television, desktops and laptops, wifi.

Companies may bid for supply and installation of the Solar System at one or more institutions/health facilities, demonstrating their capacity to undertake them simultaneously or complete them within the stipulated project timeframe. Contractor will provide an electronic assessment prior to the installation of the solar panels.
