ANNEX I – Instructions to Offerors

These instructions contain general guidelines and instructions on the preparation, clarification, and submission of Proposals.

A. INTRODUCTION

1. General

The purpose of this Request for Proposal (RFP) is to invite Sealed Proposals for professional services to be provided to the United Nations Educational, Scientific and Cultural Organization - UNESCO.

2. Eligible bidders

Bidders should not be associated, or have been associated in the past, directly or indirectly, with a firm or any of its affiliates which have been engaged by UNESCO to provide consulting services for the preparation of the Terms of Reference, and other documents to be used for the procurement of services to be purchased under this Request for Proposal.

This bid is open to all national and international suppliers who are legally constituted, can provide the requested services.

Bidders are ineligible if at the time of submission of the offer:

(a) The bidder is on the exclusion list published on the global portal for suppliers of the United Nations Organization, (http://www.ungm.org) due to fraudulent activities.
(b) The name of the bidder appears on the Consolidated United Nations Security Council Sanctions List which includes all individuals and entities subject to sanctions measures imposed by the Security Council.
(c) The bidder is excluded by the World Bank Group.

3. Fraud and corruption

UNESCO requires that bidders, contractors and their subcontractors adhere to the highest standard of moral and ethical conduct during the procurement and execution of UNESCO contracts and do not engage in corrupt, fraudulent, collusive, coercive or obstructive practices.

For the purpose of this provision such practices are collectively referred to as “fraud and corruption”:

- “Corrupt practice” is the offering, giving, receiving or soliciting, directly or indirectly, an undue advantage, in order that the person receiving the advantage, or a third person, act or refrain from acting in the exercise of their official duties, or abuse their real or supposed influence;
- “Fraudulent practice” is a knowing misrepresentation of the truth or concealment of a material fact aiming at misleading another party in view of obtaining a financial or other benefit or avoiding an obligation, or in view of having another party act to their detriment;
- “Collusive practice” means an arrangement between two or more parties designed to achieve an improper purpose, including influencing improperly the actions of another party;
- “Coercive practice” means impairing or harming, or threatening to impair or harm, directly or indirectly, any party or the property of the party to influence improperly the actions of a party.
- “Obstructive practice” means acts intended to materially impede the exercise of UNESCO’s contractual rights of audit, investigation and access to information, including destruction,
falsification, alteration or concealment of evidence material to a UNESCO investigation into allegations of fraud and corruption.

- “Unethical practice” means conduct or behaviour that is contrary to Staff or Supplier codes of conduct, such as those relating to conflict of interest, gifts, hospitality, postemployment provisions, abuse of authority and harassment.

UNESCO expects that all suppliers who wish to do business with UNESCO will embrace the United Nations Supplier Code of Conduct

UN Agencies have adopted a zero tolerance policy on gifts and therefore, it is of overriding importance that UNESCO staff should not be placed in a position where their actions may constitute or could be reasonably perceived as reflecting favourable treatment of an individual or entity by accepting offers of gifts, hospitality or other similar favours. Vendors are therefore requested not to send or offer gifts or hospitality to UNESCO personnel.

UNESCO will:

- Reject a proposal to award a contract if it determines that a vendor recommended for award has engaged in fraud and corruption in competing for the contract in question.
- Cancel or terminate a contract if it determines that a vendor has engaged in fraud and corruption in competing for or in executing a UNESCO contract.
- Declare a vendor ineligible, either indefinitely or for a stated period of time, to become a UN registered vendor if it at any time determines that the vendor has engaged in fraud and corruption in competing for or in executing a UNESCO contract.

Any concern or evidence that corruption or fraud may have occurred or is occurring related to a UNESCO contract shall be forwarded to the Office of Internal Oversight. Please refer to how-to-report-fraud-corruption-or-abuse.

The Contractor acknowledges and agrees that UNESCO will apply a policy of “zero tolerance” with regard to sexual exploitation and abuse of anyone by the Contractor, its employees, agents or any other persons engaged by the Contractor to perform any services under the Contract.

Without prejudice to the generality of the foregoing:
(a) Sexual activity with a child (any person less than eighteen years of age), regardless of any laws relating to the age of majority or to consent, shall constitute the sexual exploitation and abuse of such person. Mistaken belief in the age of a child shall not constitute a defense under the Agreement.
(b) The exchange or promise of exchange of any money, employment, goods, services, or other thing of value, for sex, including sexual favors or sexual activities, shall constitute sexual exploitation and abuse.
(c) The Contractor acknowledges and agrees that sexual relationships between the Contractor’s employees, agents or other persons engaged by the Contractor and beneficiaries of assistance, since they are based on inherently unequal power dynamics, undermine the credibility and integrity of the work of UNESCO and are strongly discouraged.

Reporting of allegations to UNESCO. The Contractor shall report allegations of sexual exploitation and abuse, of which the Contractor has been informed or has otherwise become aware, promptly to UNESCO, in line with its established reporting mechanism. To the extent legally possible, the Contractor will require its employees, agents or any other persons engaged by the Contractor to perform any services under the Contract, to report allegations of sexual exploitation and abuse arising in relation to the Contract directly to UNESCO.

ANNEX III – Terms of Reference (TOR)

1. Background and Justification
Under the Japanese Funds-in-Trust project "Good Governance for the Sustainable Development Goals: mobilising UNESCO's water and environmental science networks for the 2030 Agenda", UNESCO supports the advancement and implementation of good governance of water and biodiversity resources in Asia and the Pacific through the implementation of site-based good governance initiatives at UNESCO-designated sites in Asia and the Pacific.

Countries in Southeast Asia share many similarities, whether relating to climate, biodiversity, culture and development trends. Given these conditions, the people of Indonesia and Vietnam also share the increase of urgency and complexity of water and other climate-related problems. Both countries are faced with unsustainable urban groundwater extraction: 90% of households in Indonesia and 46% of households in Vietnam (United Nations, The United Nations World Water Development Report 2022: Groundwater: Making the invisible visible. UNESCO, Paris). In response, UNESCO plans to organise UNESCO Groundwater Challenge 2022 in Indonesia and Vietnam in accordance with the 2022 World Water Day theme "Groundwater: make the invisible, visible".

In line with United Nations Youth Strategy, the activity shall engage young people. Youth are the future leaders and possess the capability to innovative solutions. Through the UNESCO Groundwater Challenge, the activity shall guide them to learn from experienced professionals, challenge them to contribute their ideas, test their solutions to promote conservation and sustainability, and eventually equip them to be the voices of future water leaders.

The activity shall take place in the biosphere reserve(s) in Indonesia and Vietnam. Biosphere Reserves are special places for testing interdisciplinary approaches to understanding and managing changes and interactions between social and ecological systems, including conflict prevention and management of biodiversity.

To this end, UNESCO is seeking a partner to organise the UNESCO Groundwater Challenge 2022 in Indonesia and Vietnam. The interested partners may submit a proposal for organising the event in both countries and/or one selected country.

- Raise awareness on groundwater issues, especially for youth as the future leaders.
- Educate the next generation of water and climate leaders.

3. Outputs
The expected outputs under this contract are:
- Capacity building of youth through groundwater-related design challenges is organised, and the winners of the challenge are selected.
- Peer-to-peer knowledge sharing amongst UNESCO-designated sites is conducted.
