ANNEX I – Instructions to Offerors

These instructions contain general guidelines and instructions on the preparation, clarification, and submission of Proposals.

A. INTRODUCTION

1. General

The purpose of this Request for Proposal (RFP) is to invite Sealed Proposals for professional services to be provided to the United Nations Educational, Scientific and Cultural Organization - UNESCO.

2. Eligible bidders

Bidders should not be associated, or have been associated in the past, directly or indirectly, with a firm or any of its affiliates which have been engaged by UNESCO to provide consulting services for the preparation of the Terms of Reference, and other documents to be used for the procurement of services to be purchased under this Request for Proposal.

This bid is open to all national and international suppliers who are legally constituted, can provide the requested services.

Bidders are ineligible if at the time of submission of the offer:

a) The bidder is on the exclusion list published on the global portal for suppliers of the United Nations Organization (http://www.unsgm.org) due to fraudulent activities.

b) The name of the bidder appears on the Consolidated United Nations Security Council Sanctions List, which includes all individuals and entities subject to sanctions measures imposed by the Security Council.

c) The bidder is excluded by the World Bank Group.

3. Fraud and corruption

UNESCO requires that bidders, contractors and their subcontractors adhere to the highest standard of moral and ethical conduct during the procurement and execution of UNESCO contracts and do not engage in corrupt, fraudulent, collusive, coercive or obstructive practices.

For the purpose of this provision such practices are collectively referred to as “fraud and corruption”:

- "Corrupt practice" is the offering, giving, receiving or soliciting, directly or indirectly, an undue advantage in order that the person receiving the advantage, or a third person, act or refrain from acting in the exercise of their official duties or abuse their real or supposed influence;

- "Fraudulent practice" is a knowing misrepresentation of the truth or concealment of a material fact aiming at misleading another party in view of obtaining a financial or other benefit or avoiding an obligation, or in view of having another party act to their detriment;

- "Collusive practice" means an arrangement between two or more parties designed to achieve an improper purpose, including influencing the actions of another party improperly;

- "Coercive practice" means impairing or harming, or threatening to impair or harm, directly or indirectly, any party or the property of the party to influence the actions of a party improperly.

- "Obstructive practice" means acts intended to materially impede the exercise of UNESCO’s contractual rights of audit, investigation and access to information, including destruction, falsification, alteration or concealment of evidence material to a UNESCO investigation into allegations of fraud and corruption.
• "Unethical practice" means conduct or behaviour that is contrary to Staff or Supplier codes of conduct, such as those relating to conflict of interest, gifts, hospitality, post-employment provisions, abuse of authority and harassment.

UNESCO expects that all suppliers who wish to do business with UNESCO will embrace the United Nations Supplier Code of Conduct.

UN Agencies have adopted a zero-tolerance policy on gifts, and therefore, it is of overriding importance that UNESCO staff should not be placed in a position where their actions may constitute or could be reasonably perceived as reflecting favourable treatment of an individual or entity by accepting offers of gifts, hospitality or other similar favours. Vendors are therefore requested not to send or offer gifts or hospitality to UNESCO personnel.

UNESCO will:
• Reject a proposal to award a contract if it determines that a vendor recommended for award has engaged in fraud and corruption in competing for the Contract in question.
• Cancel or terminate a contract if it determines that a vendor has engaged in fraud and corruption in competing for or executing a UNESCO contract.
• Declare a vendor ineligible, either indefinitely or for a stated period of time, to become a UN registered vendor if it at any time determined that the vendor has engaged in fraud and corruption in competing for or executing a UNESCO contract.

Any concern or evidence that corruption or fraud may have occurred or is occurring related to a UNESCO contract shall be forwarded to the Office of Internal Oversight. Please refer to how-to-report-fraud-corruption-or-abuse.

4. Cost of Proposal

The offeror is expected to examine all corresponding instructions, forms, terms and specifications contained in the Solicitation Documents. UNESCO will respond in writing to any request for clarification of the Solicitation Documents that it receives earlier than two weeks prior to the deadline for the submission of Proposals. All prospective Offerors that have received the Solicitation Documents will be notified in writing of all amendments to the Solicitation Documents.

21. Clarification of proposals
To assist in the examination, evaluation and comparison of Proposals, UNESCO may, at its discretion, ask the offeror for clarification of its Proposal. The request for clarification and the response shall be in writing, and no change in price or substance of the Proposal shall be sought, offered or permitted.

22. Preliminary examination
UNESCO will examine the Proposals to determine whether they are complete, whether any computational errors have been made, whether the documents have been properly signed, and whether the Proposals are generally in order.

Prior to the detailed evaluation, UNESCO will determine the substantial responsiveness of each Proposal to the Request for Proposals (RFP). For purposes of these Clauses, a substantially responsive Proposal is one which conforms to all the terms and conditions of the RFP without material deviations. The determination of a Proposal's responsiveness is based on the contents of the Proposal itself without recourse to extrinsic evidence.

A Proposal determined as not substantially responsive will be rejected by UNESCO.

23. Evaluation and comparison of proposals
A two-stage procedure will be used in evaluating the proposals, with evaluation of the technical component being completed prior to any price component being opened and compared. The Price Component will be opened only for submissions that passed the minimum score of 70 % of the total points obtainable for the technical evaluation.

The technical proposal is evaluated on the basis of its responsiveness to the Terms of Reference (TOR).

HIGHEST TOTAL SCORE OF WEIGHTED TECHNICAL AND FINANCIAL CRITERIA

The price proposal of all offerors, who have attained minimum 70 % score in the technical evaluation, will be compared. The Contract will be awarded to the offeror that receives the highest score out of a pre-determined set of weighted technical and financial criteria as specified below.

Evaluation of the price proposals (of all Offerors who have attained minimum 70% score in the technical evaluation) will be based on the weight scoring method as follows:

- Financial proposals are opened and list of prices is prepared, where the lowest price is ranked as the first one (receiving highest amount of points) and the most expensive as the last one (receiving the least amount of points).
- Lowest price is given maximum points (e.g. 300), for other prices the points are assigned based on the following formula: Amount of points = lowest price/other price * total points obtainable for financial proposal.

An example:
- Offeror A – lowest price ranked as 1st in the amount of USD 10,000 = a
- Offeror B – second lowest price ranked as 2nd in the amount of USD 15,000 = b

Points assigned to A = 300 & Points assigned to B = 200 (following formula: a/b * 300 i.e. 10,000/15,000 * 300 = 200 points)

Should the Contractor be adjudged bankrupt, or be liquidated or become insolvent, or should the Contractor make an assignment for the benefit of its creditors, or should a Receiver be appointed on account of the insolvency of the Contractor, UNESCO may, without prejudice to any other right or remedy it may have, terminate this Contract forthwith. The Parties shall use their best efforts to settle amicably any dispute, controversy or claim arising out of, or relating to this Contract or the breach, termination or invalidity thereof. Where the parties wish to seek such an amicable settlement through conciliation, the conciliation shall take place in accordance with the UNCITRAL Conciliation Rules then obtaining, or according to such other procedure as may be agreed between the parties.

16.2 Arbitration

Unless, any such dispute, controversy or claim between the Parties arising out of or relating to this Contract or the breach, termination or invalidity thereof is settled amicably under the preceding paragraph of this Article within sixty (60) days after receipt by one Party of the other Party’s request for such amicable settlement, such dispute, controversy or claim shall be referred by either Party to arbitration in accordance with the UNCITRAL Arbitration Rules then obtaining, including its provisions on applicable law. The arbitral tribunal shall have no authority to award punitive damages. The Parties shall be bound by any arbitration award rendered as a result of such arbitration as the final adjudication of any such controversy, claim or dispute.

17. PRIVILEGES AND IMMUNITIES

Nothing in or relating to this Contract shall be deemed a waiver, express or implied, of any of the privileges and immunities of UNESCO.

In the event any governmental authority refuses to recognise the UNESCO exemption from such taxes, duties or charges, the Contractor shall immediately consult with UNESCO to determine a mutually acceptable procedure.

18.2 Accordingly, the Contractor authorises UNESCO to deduct from the Contractor’s invoice any amount representing such taxes, duties or charges, unless the Contractor has consulted with UNESCO before the payment thereof and UNESCO has, in each instance, specifically authorised the Contractor to pay such taxes, duties or charges under protest. In that event, the Contractor shall provide UNESCO with written evidence that payment of such taxes, duties or charges has been made and appropriately authorised.
