

Submission # 50

Organization: Permanent Delegation of Romania to UNESCO

How would you define the stakeholder community or communities to which you belong?

Government

What sources and means of verification would you recommend, from your experience, in relation to any of the questions and indicators that have been proposed?

- Percentage of households with computer
- Percentage of households with Internet
- Percentage of individuals using a computer
- Percentage of individuals using the Internet

The source for above mentioned indicators is the "List of indicators included in the World Telecommunication/ICT Indicators" (www.itu.int).
