**How would you define the stakeholder community or communities to which you belong?**

Individual capacity

**Are there any suggestions that you wish to make in respect of the proposed themes, questions and indicators which are included in the framework as it stands?**

Internet should be free. Without internet I would not be reading this report nor responding. In some countries internet is controlled.

**Are there any suggestions that you wish to make in respect of the proposed themes, questions and indicators which are included in the framework as it stands?**

As it stands

**What sources and means of verification would you recommend, from your experience, in relation to any of the questions and indicators that have been proposed?**

Suggest that internet organizations make certain that users are genuine. My experience has been rather good.
