Submission # 103

Name: Dina Youssef Salib

Organization: Bibliotheca Alexandrina

Country/Region: Egypt

How would you define the stakeholder community or communities to which you belong?
Intergovernmental organisation

Are there any suggestions that you wish to make in respect of the proposed themes, questions and indicators which are included in the framework as it stands?

No

Are there any suggestions that you wish to make in respect of the proposed themes, questions and indicators which are included in the framework as it stands?

maybe if you add something concerning reliable sources and information, also censorship and banning of ideas and information leading to terrorism and destruction, even if it contradicts with part of the human rights in freedom of expression

What sources and means of verification would you recommend, from your experience, in relation to any of the questions and indicators that have been proposed?

statistics, results from workshops and round table discussions, online voting platforms.
