**CONFERENCE PROGRAMME**

For the most up-to-date schedule, please visit our website www.government.nl/WPFC2020, or the WPFC 2020 app.

**GENERAL TRAVEL INFORMATION**

**Visa**
The Netherlands is part of the Schengen Area, which consists of a group of 26 European countries that have abolished passport and immigration controls at their common borders. The following website shows which passport holders need to apply for a Schengen visa and provides information about the application process: https://www.netherlandsworldwide.nl/travel/do-i-need-a-visa-to-travel-abroad

If the nationality of the passport holder is not listed on the website, a Schengen visa is not required to enter the Netherlands. Via the above link, you will also find a list that contains the embassies responsible for dealing with short stay (Schengen) visa applications for the Netherlands in each country.

All attendees who need a visa are encouraged to apply for a Netherlands visa as early as possible. Please note that you must be able to produce all the original documents required for your visa application. The immigration authorities are entitled to view the relevant documents upon request. **A visa does not automatically grant you the right to enter Schengen.**
Information on Schengen Visas for the Netherlands is searchable at: 
https://www.netherlandsandyou.nl/travel-and-residence/visas-for-the-netherlands/short-stay-schengen-visa

Participants are advised to apply for a short stay Schengen visa for the Netherlands with a WPFC 2020 acceptance letter attached to your visa application. Please apply for a visa as soon as possible. The organization WPFC 2020 and the UNESCO has no influence on this process and the outcome of your Visa-application. Applying for a visa at the border is not possible.

**Airport Process**

All persons arriving at the initial airport (or "Port of Entry") are subject to inspection by Dutch customs enforcement personnel. They will conduct the passport control, customs, and agricultural components of the international arrival process.

Please have the following items in-hand when you approach the customs enforcement officer:

- Your passport, which has at least 6 months remaining before expiration, and has the appropriate visa if applicable.
- Hard copy of your WPFC invitation.

**Further Details on Customs Rules**

Please note that the importation of commercial goods may be subject to duties. Customs officials carry out checks to determine whether travelers and businesses are required to pay taxes when importing goods. Details can be found at: https://www.government.nl/topics/export-import-and-customs

When arriving in the Netherlands from outside the EU, you cannot bring any dairy or meat products with you. This is to prevent serious animal diseases from being brought into the EU. You are, however, allowed to bring in powdered infant milk, baby food and foods required for medical reasons - subject to some restrictions. You are also allowed to bring in limited quantities - for personal consumption - of other animal products including fish products, snails, and honey. Other prohibited or restricted items may include other agricultural products or products made from animal or plant material. Restricted items are subject to confiscation and may result in monetary penalty.

If you are coming from outside the EU, you may bring into or take out of the Netherlands as much money as you wish. However, if it is more than €10,000, you will need to report it to the customs officials. “Money” means monetary instruments and includes European or foreign coins currently in circulation, currency, obligations, travelers’ checks, money orders, and negotiable instruments or investments securities in bearer form. You do not have to pay taxes on money over €10,000, but you must report it.

**Amsterdam Schiphol Airport**

A large part of the participants is expected to arrive at Amsterdam Schiphol Airport, where most international flights arrive. Amsterdam Schiphol Airport is about 60 minutes away from the venue in The Hague. Amsterdam Schiphol Airport is not the only airport in the Netherlands; some low cost carriers moved their flights from Amsterdam Airport Schiphol to the nearby Rotterdam/The Hague Airport.

**Information Booths**

Information booths are located throughout the terminals. Computerized kiosks with information on ground transportation, airport facilities and services, airlines, and rental cars are available 24 hours a day. All staff at Schiphol speak English.

**ATMs and Currency Exchange**

Several currency exchange offices and automated currency exchange machines are located throughout the entire airport. Additionally, ATMs are readily available throughout all terminals.
Disability Assistance
If you need wheelchair assistance at the airport, you are strongly encouraged to advise your air carrier at least 24 hours before departure that assistance is requested. Wheelchair service is managed by the airlines.

Luggage Issues
Lost or damaged luggage should be reported to the airline as soon as possible after arrival. It also should be noted that air carriers into and out of Amsterdam Schiphol Airport are very strict about weight and size limits, on both carry-on articles as well as checked luggage. We strongly recommend you consult your air carrier’s website for restrictions.

Public Transport
The OV-chip card is the payment system for public transport in the Netherlands. You load credit in Euro’s onto the card or add a travel product such as a monthly pass for commuting or a season ticket. At the start of your journey, you check in and at the end, you check out again.

At the start of your journey, hold your card against the screen on a gate or card reader. If you have sufficient credit or a valid travel product on your card, the gate will open or the card reader will beep and a green light will show to signal that you can enter. At the end of your journey, hold your OV-chip card against a gate or card reader again to check out. The display will show the cost of your journey and how much credit is left on your card.

If you feel more comfortable, you can travel by taxi from Amsterdam Schiphol Airport to the center of The Hague. This will cost around €115. From Rotterdam/The Hague Airport it will cost around €70. Make sure you only use registered cabs, recognizable by the blue license plates.

HOTELS

The organization of WPFC 2020 is not responsible for booking and payment of accommodation. Preferred Hotel Reservations is the official agent to make hotel arrangements for this event. They have various hotels in The Hague and the surrounding area available for a discount price.

In the online registration-system, a URL-link is available which can be used to make the required reservations. It is not mandatory to use the hotel service but due to the busy tourist season, the number of available rooms in The Hague is limited. You are therefore advised to make a hotel reservation as soon as possible.

SECURITY ARRANGEMENTS

Security Policy
The government of the Netherlands will be responsible for the safety and security of all participants of WPFC 2020. In cooperation with the National Coordinator for Counterterrorism and Security (NCTV) and the National Police, security measures will be taken based on recent threat and risk analyses. Security measures will be enforced at the airport, at the conference venue, and at any other locations in the program. Full registration and cooperation at the security lanes is required. Without a WPFC badge there is no access to the conference venue.

Background Screening
In order to ensure the safety and security of the conference, a background screening may be part of the accreditation process. The background screening will be conducted by the National Police. Special attention will be paid, in general, to food safety during the conference. The Netherlands Food and Consumer Product Safety Authority supervises all aspects of food preparation, transport and serving. All measures will be in line with European regulations.

**KINGS DAY 2020**

King’s Day is the annual celebration on the 27th of April of the Dutch King Willem-Alexander his birthday. The whole country is full of activities with big (music) events and flea markets. Everyone dresses up in orange, the national color of the Netherlands. The Royal Family visits a different city every year to celebrate this day among the citizens, this year they will visit Maastricht.

King’s Day is a national holiday in the Netherlands, during which everything possible is covered in orange, from flags, wigs and clothing to revelers’ faces: this color honors the royal family, the House of Orange-Nassau. The celebrations begin on King’s Day eve (King’s Night). King’s Day starts at 06:00 with a huge flea market invading the country’s sidewalks.

Besides landing in the middle of a nation-wide block party, international visitors arriving in the Netherlands on Koningsdag (King’s Day) may feel as if they have taken a wrong turn and ended up at a riotous bazaar: up to a million visitors descend upon Amsterdam on 27 April every year to celebrate the birthday of the reigning Dutch monarch, Willem-Alexander.

With street-corner musicians, DJ booths, and huge, popular parties organized in many cities and towns’ concert venues, the party only stops when the king’s birthday is over.
